**TERMS AND CONDITIONS OF SALE
LIMITED WARRANTY**

This Sale of Goods Agreement (the "Agreement") is entered into on _____, the "Effective Date"), between METAL PRO BUILDING INC. ("Seller") and Pioneer Steel Manufacturing Limited, with offices located at 100 Tempo Ave, Suite 200, North York, ON M2H 2N8 and _____ ("Buyer") with an address of _____. Seller and Buyer are individually referred to as a "Party" and collectively as "Parties". The Terms and Conditions of Sale herein ("Schedule A") form a part of the Purchase Order dated _____.

WHEREAS, Seller and the Manufacturer are engaged in the business of manufacturing and selling steel buildings, garages or structures.
WHEREAS, Buyer desires to purchase steel buildings, garages or structures from the Seller and Manufacturer pursuant to the terms and conditions set forth in this Agreement.

In consideration of the mutual covenants and conditions set forth herein, and other good and valuable consideration, the receipt of which is hereby acknowledged, the Parties agree as follows:

1. **Description; Sale of Goods.** During the term of this Agreement, Seller shall transfer and deliver to Buyer, and Buyer shall accept and pay for the following goods: **Prefabricated Quonset, Pre-Engineered Rigid Building as described in Purchase Order** (the "Goods"), as may be agreed upon by the Parties. The Goods covered by this Agreement are only those specifically identified herein. Additional goods and products may only be added to this Agreement by written agreement identifying such additional goods and signed by an authorized representative of the Seller.

2. **Purchase Orders; Pricing; Payment.**

(a) **Purchase Orders.** Buyer shall order Goods in accordance with the terms and conditions of this Agreement. Orders for the purchase of Goods ("Purchase Orders") must be submitted to Seller by Seller's internal electronic ordering system, email or online. Each Purchase Order shall specify (i) the quantity of Goods being ordered, detailed specifications of building; (ii) prices for the Goods; (iii) payment terms granted by Seller; and (iv) a receipt date. Receipt dates must be during the term of the Agreement, except Buyer may request, and Seller may elect to accept in its sole discretion, a Purchase Order with a requested receipt date after the expiration or termination of this Agreement, in which case the terms and conditions of this Agreement shall apply to such shipment, but under no circumstances should such shipment be deemed to be or construed as being a renewal or extension of this Agreement. Due to fluctuating market conditions for steel and other building materials, the Seller's price quotes, and delivery estimates are only valid for 30 days. Revised quotes and delivery estimates will be required every 30 days to reflect increased cost of materials, manufacturing costs, or reduced availability of components, where applicable. Price is not guaranteed until Buyer has paid 50% or 100% of purchase price provided purchase order is confirmed with all drawings approved and finalized. Upon satisfaction of all the above noted conditions, the Seller shall submit the building order to the manufacturer for production within 5 business days.

(b) **Deposits.** Deposit received by Seller and/or Manufacturer is offered as security for good faith performance of contractual obligations and for expenses incurred up to the commencement of manufacturing of subject building(s).

(c) **Payment Terms.** Unless otherwise noted in this agreement, payment terms shall be as follows:

(i) 25% at time of contract acceptance.

(ii) 25% Due on Receipt of digital drawings (To Begin Detailing / Manufacturing)

(iii) Balance of contract shall be paid with certified funds by way of wire transfer, including all applicable Sales Taxes, **14** days prior to delivery.

(d) **Manufacturer Modifications/Substitutions.** Manufacturer reserves the right to change or modify the design and construction of Manufacturer's standard buildings from time to time and to substitute material equal to or superior to that originally specified. Any such revisions may result in delayed delivery by the Manufacturer, which the Buyer hereby accepts.

(e) **Buyer Warranties.** Buyer represents and warrants that the materials to be provided by Manufacturer are being purchased for the purposes specifically noted in the Purchase Order.

(f) **No Conflicting Terms.** The Parties agree that the terms of this Agreement shall prevail over any conflicting terms and conditions in any Purchase Order, or any other instrument or document provided by the Buyer. Any additional or different terms or conditions in any Purchase Order or other instrument or submission from the Buyer shall be deemed objected to by Seller without the need of any further or additional notice of objection, and such additional or different terms shall be of no effect or in any way binding upon Seller.

(g) **Acceptance of Purchase Orders by Seller.** Purchase Orders are subject to written acceptance by an authorized representative of Seller. Purchase Orders submitted by Buyer hereunder shall not be binding on the Seller until the earlier of written acceptance by Seller or shipment, and acceptance by shipment shall only be binding as to the portion of the Purchase Order actually shipped by Seller. Any automatic or computer-generated response to a Purchase Order by Seller's automated response system or otherwise shall not be deemed acceptance of a Purchase Order. Notwithstanding the foregoing, Seller reserves the right to refuse, cancel or delay any Purchase Order placed by Buyer and accepted by Seller when Buyer is delinquent in payments or when Buyer has failed to perform any of its material obligations under this Agreement.

(h) **Buyer Amendments to Order.** Where the Buyer seeks to amend a Purchase Order previously accepted by the Seller, the Buyer acknowledges and accepts that the revised order shall be treated as a completely new order. The Buyer agrees to pay any additional costs associated with the amendments to the order, including but not limited to costs of revised building specifications, revised engineer drawings, additional parts/component costs (if applicable), additional manufacturing costs and adjustments in previously quoted prices based on current market value of materials and parts at the time of revised order. The Buyer acknowledges and agrees to pay for any costs incurred by the Seller for the revised order, such as Engineering drawing approvals, building material or steel price increases and manufacturer price increases. Until purchase order revisions are finalized by Seller and Buyer provides 50% deposit of purchase price the price quote is subject to change due to manufacturer price increase, reduced availability of building materials or components, labour disputes or shutdowns resulting from pandemic or other national or world events. The Seller shall not be liable for any delivery delays, manufacturer price increases or material shortages that may occur due to Buyer Purchase Order and/or Building amendments.

(i) **Pricing; Payment.** The price to be paid by Buyer shall be that contained on the Seller's price list last published before the date the building goes into production. **Due to the volatile nature of the steel market, the cost of steel and other building materials resulting from worldwide shortages, the Manufacturer may increase the price of the building accordingly based on the price list. The Buyer consents to a price adjustment (where applicable) based on the market fluctuations of steel. The Seller shall provide substantiation of price fluctuation from the Manufacturer.** The Seller shall notify the Buyer when the building is nearing completion and delivery of the goods is imminent. Buyer shall pay the outstanding balance for the Goods at least **14** days prior to the scheduled or anticipated delivery date, based on adjusted production costs (where applicable). Buyer acknowledges and agrees to pay for any price adjustments in material or building costs from the manufacturer resulting in increased costs to the Seller of more than 2.5% of the original purchase price, in the event of national or worldwide supply chain issues resulting in market price increases in material or building costs. Payment for the Goods shall be made by certified funds via wire transfer payment or verified certified cheque. The Seller reserves the right to demand payment by way of wire transfer to ensure funds are guaranteed prior to delivery. The price for the Goods covered by this Agreement excludes all transportation costs, freight, insurance and special handling and packaging, or any required federal, provincial, or local sales or other taxes (except for taxes based on Seller's net income), duties, export or custom charges, VAT charges, brokerage or other fees, for which costs Buyer shall be fully responsible. Buyer shall have no right of set-off or withholding, and no deduction of any amounts due from Buyer to Seller shall be made without Seller's prior, express written approval.

Price Adjustments. In the event the fabrication of the subject building cannot proceed within forty-five (45) days from the date of acceptance of the Manufacturer's building order, the building will be subject to re-pricing to include increased material or labor costs, if applicable, which the Buyer agrees to pay.

3. **Delivery.**

(a) **Delivery; Title and Risk of Loss.** All Goods acquired by Buyer under this Agreement will be suitably packaged for shipment in Seller or Manufacturer's standard skids. The Goods shall be delivered to Buyer from the Manufacturer's address, and title to and risk of loss of the Goods will pass to the Buyer upon such delivery by the Seller. Buyer must accept delivery of goods and cannot delay or alter the scheduled delivery date by more than five (5) business days. Buyer shall not reject delivery once delivery date is confirmed and scheduled. Buyer shall be liable for any additional delivery and/or storage costs for any building or goods not accepted at the time of delivery. Buyer acknowledges that any and all fees incurred by the Seller to place order on hold or store rejected buildings or goods shall be paid by the Buyer. **The Buyer shall furnish the equipment and labour for unloading the Goods off the trucks furnished by Seller.**

The Buyer acknowledges that all dates, estimates, design drawings, and delivery projections provided by the Seller are subject to manufacturer confirmation, engineering approval and/or modifications and logistics. The Seller and Manufacturer reserve the right to amend production completion deadlines and delivery dates based on the foregoing factors and market conditions such as supply chain issues, price increases, shortage of materials, etc. **The Seller cannot provide any guarantees or warranties with respect to delivery date of said goods, as the Manufacturer shall provide final delivery dates once production has commenced.**

(b) **Partial Delivery; Buyer's Right of Inspection.** The Seller will endeavor to deliver the entire building kit where possible but cannot make any guarantees due to its reliance on manufacturing production schedules and material availability. Buyer acknowledges and accepts that due to national and/or global supply chain issues some goods may be delivered in parts based on limited availability of components. When partial components are manufactured and ready for delivery, the Seller shall notify the Buyer of projected delivery and Buyer agrees to accept partial and/or damaged shipment of Goods at the time of delivery. Buyer shall have the right to inspect the Goods at the time of delivery and may make note of any missing or damaged components to submit a claim to Seller Manufacturer. Any claims for shortages by Buyer must be made to Seller within five (5) days after delivery, or such claims will be

considered to have been waived by the Buyer and disallowed. Buyer hereby acknowledges and accepts that building insulation is shipped to Buyer separately approximately 2-6 weeks after delivery of building or all building components.

(c) **Buyer's Delivery Refusal.** If Buyer refuses delivery, Buyer shall remain responsible for the balance owing on the contract. Buyer agrees that failure to accept delivery or pick-up when scheduled shall constitute breach of this Agreement and shall pay a minimum \$1,000.00 plus HST charge, plus freight and monthly storage charges equal to 5% of the contract price, accruing until the material is resold or the Buyer accepts delivery.

(d) **Seller's Right to Delay or Cancel.** The Parties agree that any stated delivery dates are approximate, and that delivery of any Goods ordered from Seller under this Agreement may be delayed for a period of time sufficient to allow Seller to manufacture and assemble or otherwise acquire the Goods for Buyer. The Parties further agree that Seller shall not be held liable to Buyer or any other party for any losses, damages, penalties, or expenses for any delay in delivery of the Goods. Notwithstanding any other terms contained in this Agreement, Seller reserves the right to refuse, cancel or delay any shipment to Buyer if any amounts due to Seller from Buyer for any reason become past due, when payment for a shipment has not been arranged to Seller's reasonable satisfaction, or when Buyer has failed to perform any of its material obligations under this Agreement. Such refusal, cancellation or delay of any shipment shall not be deemed a breach or default of this Agreement by the Seller.

(e) **Seller Approval of Shipments/Delivery.** Shipments and delivery shall be subject to approval of the Seller, and the Seller reserves the right, prior to any shipment, to require from Buyer satisfactory security for performance of Buyer's obligations. If Buyer requests a change in delivery location, address or site, Buyer shall be responsible for any and all additional charges for fuel and storage pursuant to such request. If Buyer fails to fulfill the terms of the payment, Seller may defer additional shipments or at Seller's option cancel the uncompleted balance. All deferred shipments shall bear interest from the time they are due until paid at the rate of 18% per annum. No failure of the Seller to exercise any right occurring from default of the Buyer shall impair the Manufacturer's rights in case of any subsequent default.

4. **Scope of Work.** The Seller and the Buyer accept that Approval Drawings prepared by the Manufacturer and/or its Engineering representative and duly approved by the Buyer or its representative shall be deemed the correct interpretation of the contract and fabrication work to be performed.

5. **Other Purchase Details.** The place of fabrication, the routing and the method of shipment, the place of price of purchase, applicable sales tax, on all or any part of the materials to be included hereunder shall be at the sole discretion of the Seller and/or Manufacturer.

6. **Buyer Responsibility.** Buyer and/or Building Owner is responsible for ordering and erecting a structure that when complete, complies with provincial, state, and local building codes and zoning, and which will be sufficient to withstand local environmental conditions. The Manufacturer and Seller make no representations as to the adequacy of the loads ordered and Buyer accepts responsibility for offloading building, including obtaining all necessary tools and equipment to do so at its own expense.

7. **Insufficient Quantities; Patents.** If for any reason, the quantities of the Goods or of any materials used in the production of the Goods reasonably available to Seller shall be less than Seller total needs for its own use and for sale, Seller may allocate its available supply of products among its existing or prospective purchasers and/or its own departments, divisions and affiliates in such manner Seller deems proper in Seller's sole discretion, without thereby incurring liability on account of the method of allocation determined or its implementation or for failure to perform this Agreement. Seller reserves the right to discontinue deliveries of any Goods if, in Seller's opinion, the manufacture, sale or use of the Goods would infringe upon any patent, trademark or design now or hereinafter issued, registered, or existing and under which Seller is not licensed.

8. **Breach of Contract.** In the event of any breach of this Agreement by Buyer, Buyer shall forfeit the full amount of the deposit to be applied to the Manufacturer's lost profits and expenses. Manufacturer may demand, and Buyer agrees to pay an additional amount of up to 33.3% of the total contract balance for standard buildings, or up to 60% on custom-designed structures, as liquidated damages, plus storage, special material cost, lost profits, all attorney, and collection fees. Buyer acknowledges that it is difficult to determine the full extent of damages that may be incurred by Manufacturer resulting from Buyer's breach of this Agreement and the liquidated damages provided for herein are a reasonable approximation and Buyer agrees to the same. In addition to liquidated damages, Manufacturer reserves the right to pursue any other remedies available to it at law or in equity.

9. **Personal Property Security Act (Ontario).** (a) Buyer grants Seller a security interest in the Products purchased and the proceeds of these Products and agrees that this agreement will be a security agreement as per the Personal Property Security Act (Ontario) or such other applicable legislation (including the Civil Code of Quebec) in effect from time to time in such other jurisdiction in Canada for the purposes of the provisions hereof relating to such perfection, effect of perfection or non-perfection or priority. (b) The security interest so created or granted shall continue until payment in full of the purchase price of those Products and payment and performance by Buyer of all its other obligations hereunder. Seller is entitled to all remedies of a secured party after default or other applicable law, in addition to all other rights provided by contract and by operation of law. Buyer agrees to pay to Seller, in addition to the interest on overdue sums due, reasonable legal fees, court costs and the expenses of Seller incurred in enforcing Seller's rights. The Products purchased shall remain personal property and shall not become or be deemed a fixture or a part of any real estate on which it may be located. Buyer agrees to do anything (including execute any security agreement or other instrument or document or provide any information or grant any security interest) considered necessary or convenient by Seller to perfect or evidence a security interest in the Products purchased and the proceeds of those Products, to maintain an effective security interest or set out in further detail the terms and conditions it requires in a security agreement, including, but not limited to, executing financing statements, financing change statements, chattel mortgages, deeds of trust, deeds to secure debt, mortgages or other security instruments. (c) Buyer consents to Seller effecting and maintaining a registration on the register (in any manner it considers appropriate, including as a purchase money security interest) in relation to any security interest contemplated by this agreement and waives the right to receive notice of a verification statement in relation to any registration on the register. (d) Buyer undertakes to not register a financing a change statement in respect of a security interest contemplated by this agreement without the prior written consent of Seller.

10. **LIMITED ONE (1) YEAR WARRANTY.** The Manufacturer warrants all parts of the building/structure to be free from manufacturer defects in workmanship and materials for normal use and maintenance for twelve (12) months from the date of delivery by, or pick-up from the Manufacturer. Unless specifically noted, the Manufacturer's Warranty has excluded all matters except design, fabrication, and delivery of the materials. The Manufacturer Warranty specifically excludes all matters relating to erection of the building, insulation, foundation design, concrete, imbeds, overhead doors, windows, unloading, storage, field painting, tax, etc.

This Express Limited Warranty applies only when the building is properly constructed or installed as per the Manufacturer Installation Manual and engineer erection drawings. Quality of materials shall conform to the requirements and specifications of the Manufacturer as stated herein. This Limited Express Warranty shall be invalidated by any procedural or other changes in construction, installation, modification, or engineering additions not approved by the Manufacturer, by improper site selection, site preparation errors or failure to comply with Manufacturer's instructions or warnings regarding payment, delivery, storage, or handling. The Manufacturer will replace any missing or defective material furnished within twelve (12) months upon presentation by the Buyer of evidence satisfactory to the Manufacturer of such defect. The shop painting is a prime coat, and the Manufacturer shall not be responsible for the condition of the paint after it has been delivered to the common carrier, job site or owner. Manufacturer's sole responsibility under this Limited Express Warranty shall be to replace the defective material. Ready access to the building or structure for inspection, repair or replacement of parts is the responsibility of the Buyer and original owner.

(i) **EXCEPTIONS.** The Limited Express Warranty does not cover normal maintenance—The Manufacturer recommends that regular inspection/maintenance be performed at least once a season and proof of maintenance be kept. Additionally, labor charges (except as described in the Limited One Year Warranty paragraph), investigation charges, transportation charges for replacement parts, or any other service calls/repairs are not covered by this Limited Warranty. It also does not cover any portion or component of the building system that is not supplied by the Manufacturer, regardless of the cause of failure of such portion or component.

(ii) **CONDITIONS FOR WARRANTY COVERAGE.** The building must be used in accordance with original specifications and building loads as per local zoning requirements and cannot have been subjected to accident, alteration, improper repair, neglect or misuse, or an act of God (such as a flood, tornado, storm, etc.). Installation must be according to The Manufacturer installation instructions and serial numbers and/or rating plate must not have been altered or removed.

(iii) **DURATION OF WARRANTY & REGISTRATION.** The warranty begins on the date of purchase by the original Buyer. The Buyer must complete and return the warranty registration card or register at www.metalprobuildings.com within 90 days of purchase. The consumer must retain a receipt bill of sale as proof of warranty period. Without this proof, the express warranty begins on the date of shipment from the factory.

(iv) **REMEDY PROVIDED BY THE LIMITED EXPRESS WARRANTY.** The sole remedy under the Limited Warranty is replacement of the defective part(s) or components. If replacement parts are required within the period of this warranty, the Manufacturer replacement parts/components shall be used; any warranty on the replacement part(s)/component(s) shall not affect the applicable original unit warranty. Ready access to the unit for service is the owner's responsibility. Except for the One Year Parts and Labor Warranty, labor to diagnose and replace the defective part(s) or component(s) is not covered by this Limited Express Warranty. If for any reason the replacement part/product is no longer available during the warranty period, the Manufacturer shall have the right to allow a credit in the amount of the current suggested retail price of the part/product instead of providing repair or replacement. The Seller shall not be responsible for any field work of any kind under any circumstances performed on any material furnished under this Agreement without prior authorization in writing from the Manufacturer.

(v) **LIMITATION OF LIABILITY.** There are no other express or implied warranties. The Manufacturer makes no warranty of merchantability. We do not warrant that the building is suitable for any particular purpose or can be used in any geographic location due to unique building by-laws, weight loads and zoning requirements for each region. There are no other warranties, express or implied, which extend beyond the description in this document.

All warranties implied by law are limited in duration to the one-year term of the Limited Warranty. Your exclusive remedy is limited to the replacement of defective parts. We will not be liable for any consequential or incidental damages caused by any defect in this building, parts, or components thereof.

(vi) **HOW TO OBTAIN WARRANTY SERVICE OR COMPONENT PARTS.** If you have a warranty claim, contact the Seller and/or Manufacturer at 1-800-997-8163. Have your account number, and date of purchase available for this call. Owner responsibilities are set forth in the instruction manual—read it carefully. All Warranty claims must be submitted in writing to the Manufacturer at the Seller's or Manufacturer's website stated herein. Satisfactory evidence of such defect shall include accurate time stamped photos and any inspection or expert reports. Manufacturer shall have a period of thirty (30) days after receipt of such satisfactory evidence to reasonably determine if a defect exists to which this Limited Express Warranty applies. Manufacturer shall have the right, but not the duty, to conduct such inspections of the materials in place, and the Buyer or Contractor agrees to provide reasonable access to the building or structure. In the event Manufacturer has not notified Buyer of its acceptance of responsibility for the claim within the herein referenced thirty (30) days, it shall be presumed that the claim of warranty is denied.

(vii) **LIMITED PRODUCT WARRANTY REGISTRATION** The limited warranty for this unit begins on the date of purchase by the original Buyer. Return this registration card or register at www.metalprobuildings.com within 90 days to record the date of purchase. If you don't register the purchase, the warranty begins on the date of shipment from the factory, and you will not receive the benefit of the entire warranty term. Model and serial numbers can be found on the building components. By signing, the purchaser acknowledges that he or she has read the limited warranty for this unit. Tear off and mail this card only. Retain the warranty for your records.

11. **Disclaimer of Warranties.** The warranties set forth herein or in Seller's warranty provisions contained herein with respect to a product are the only warranties made by Seller in connection with the products and the transactions contemplated as a result of this sale. If any model or sample was shown Buyer, that model or sample was used merely to illustrate the general type and quality of the Goods and not to represent that the Goods would necessarily conform to the model or sample.

Seller makes no other warranties or representations to Buyer or any other person of any kind, whether express or implied, with respect to the products, and Seller specifically disclaims all implied warranties including, without limitation, the implied warranties of merchantability, fitness for a particular purpose and non-infringement. Products sold hereunder are sold only to the specifications specifically set forth by the Seller in writing. Seller's sole obligation for a remedy to buyer shall be repair or replacement of non-conforming products. Buyer assumes all risk whatsoever as to the result of the use of products purchased, whether used alone or in combination with other products or substances.

THIS LIMITED EXPRESS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES EXPRESSED OR IMPLIED, AND THERE ARE NO WARRANTIES, REPRESENTATIONS OR CONDITIONS, OF ANY KIND, EXPRESSED OR IMPLIED, INCLUDING WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR ANY PARTICULAR PURPOSE BEYOND THE WARRANTY STATED HEREIN. IN NO EVENT SHALL SELLER OR MANUFACTURER BE

LIABLE FOR LOSS OF PROFITS OR OTHER INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES. MANUFACTURER HAS NOT AUTHORIZED AND SHALL NOT AUTHORIZE ANY PERSON OR COMPANY TO ASSUME, ON BEHALF OF THE MANUFACTURER, ANY LIABILITY IN CONNECTION WITH THE MATERIAL SUPPLIED, NOR TO INCREASE THE SCOPE OF THIS LIMITED EXPRESS WARRANTY.

12. **Limitation of Liability; Actions.** In no event shall Seller be liable under this Agreement to the Buyer for any incidental, consequential, indirect, statutory, special, exemplary or punitive damages, including, but not limited to, lost profits, loss of use, loss of time, shutdown or slowdown costs, inconvenience, lost business opportunities, damage to goodwill or reputation, or other economic loss, regardless of whether such liability is based on breach of contract, tort, strict liability or otherwise, and even if advised of the possibility of such damages or such damages could have been reasonably foreseen. The liability of Seller, and Buyer's sole and exclusive remedy for damages for any claim of any kind whatsoever under this Agreement, regardless of legal theory, shall not be greater than the actual purchase price of those Goods with respect to which such claim is made.

No action shall be brought for any claim relating to or arising out of this agreement more than two (2) years after the accrual of such cause of action, except for money due on an open account.

13. **Indemnity.** To the fullest extent permitted by law, Buyer shall indemnify, defend and hold harmless the, Seller, Seller's consultants, employees, officers, directors and shareholders from and against claims, damages, losses, and expenses, including but not limited to, attorneys' fees, arising out of, resulting from or in connection with Buyer's construction or installation of the materials provided by Manufacturer. Nothing herein shall be construed to bind Seller or Manufacturer to any construction or other contracts between the Buyer and the owner of the property upon which the materials are installed or constructed.
